Subject: Motion to Shorten Time: May 6th

Mr. Karotkin and Mr. Watts -

In response to my revised motion to shorten time filed this morning, I hope that you will support the date of May 6th for the hearing (objections to be filed by May 4th). I have requested this timing to align with the court's calendar and in consultation with joining parties to this Motion to Designate Votes. Given the nature of these issues and the AB 1054 June 30, 2020 deadline, I would suggest that we don't push this out any later but certainly would be open to other earlier dates more convenient to core parties and at the convenience of the court. Please, let me know if you are open to this timeline as I know we all have a mutual interest in resolving these issues quickly and for the benefit of all parties.

Sincerely,

William B. Abrams
